

News and information about your public-owned transportation system, published in this newspaper as a community service from the Southern California Rapid Transit District.

By ARTIE DEE
Transportation Editor

Have you ever had a time when everything seemed to be going along smoothly, and then the roof fell in? Well, that happened to me. I wrote this piece about saving a bundle by taking the bus to work, and here is an excerpt from a letter I received from an interested reader. This lovely lady said, and I've cleaned it up for public consumption, "When was the last time you rode a . . . bus from West Covina to Los Angeles? Not only did it take too long, they stayed on that congested freeway all the way to town."

Lady, things are looking up. There is a bill before the legislature that will permit the people to vote for enough money to build a rapid transit system. Assembly Bill 101 is that bill, and it could use your support. Write your assemblyman and tell him what you told me, maybe we can get this thing off the ground.

Starting May 1 and running thru May 19, is Ice Capades, at the Sports Arena. If you have never seen this show, you've missed a delightful evening and if you have, you will want to go again. This always takes me back to my childhood and the neighborhood pond. I was known as "Nimble Artie," because of my prowess on ice. Nobody could fall as gracefully as I could! RTD has service to the Sports Arena from many areas, late enough to get home on after the show, too. Send for a map and timetables of lines serving your area. Don't miss this beautiful show on ice.

Just an early reminder: the Los Alamitos Race Track will start night racing this season for the first time in Southern California, and RTD will be there with good bus service. I've been involved in night racing for years. The nags I bet on usually don't come in until then.

Q. Can I get to Centinela Park from Hermosa Beach? I want to be there by 2:30 in the afternoon. Mrs. G.O.C.

A. Take the RTD 101 line on Hermosa Ave. to South Bay and change to the 5 line that runs past the cemetery.

Q. Please tell me how to get to Los Angeles from Lomita. I live near Woodward Avenue.—Mr. A. O.

A. The Torrance No. 2 line at Arlington and Lomita will take you to downtown Torrance, where you can catch the Torrance No. 1 line to 9th and Broadway. RTD does not operate in this area.

Q. How long does it take by bus to go from Inglewood to USC? My first class is 9:00 a. m.—L. J.

Q. The average time is about 25 minutes. I'll send you a timetable and a map.

Q. Please tell me how to get to Ports O' Call. I read about the place in your column. I live near the 54 line on Manchester in Inglewood.—Mrs. M. B.

A. Take the 54 line to the Harbor Freeway, and change to the 37 line, stopping on the service road of the freeway. The 37 line goes to the Ports O' Call Village.

Send your questions to Artie Dee, Transportation Editor, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent free to any person writing in. NO STAMPS OR STAMPED ENVELOPES ARE NECESSARY.

Kiwanis Kick Off World Trade Week

George Schmitz, vice president, international department, Wells Fargo Bank, will give the World Trade Week address to the Southwest Torrance Kiwanis Club at noon Thursday at Filippone's Restaurant.

The 42nd annual World Trade Week will be May 19 through 25, sponsored by the Los Angeles Area Chamber of Commerce in co-operation with the Ports of Los Angeles and Long Beach, Los Angeles International Airport, Los Angeles County Board of Supervisors, and the Los Angeles Clearing House Association.

Emphasis will be on a person-to-person trade promotion. Foreign businessmen have been encouraged to come to the Los Angeles metropolitan area during the week. They will be honored by the local business community and will be given every possible assistance during their stay.

World Trade Week, which was originated in Los Angeles, is now proclaimed nationally by President Johnson. It occurs annually on the week that included National Maritime Day, May 22.

Bids Due For Lomita Facilities

Bids to build additional storm drain facilities in the Lomita area will be opened Friday, Supervisor Burton W. Chace said today.

The cost is estimated at \$127,000. Chace said the bid opening is set for 11 a. m. in the offices of the County Flood Control District. The Board of Supervisors is expected to award a contract 10 days later.

Street west of Western Avenue, runs in 254th to Walnut Street, and in Walnut to Ebony Lane, and in Ebony Lane to Lomita Boulevard. The contractor will be required to erect a temporary five-foot-high chain link fence around the trench when work moves past Alexander Fleming Junior High School at 254th Street and Walnut Avenue, Chace added.
